

Work Sheet 2

1. Fill in the blanks, to allow users to register if they are between 13 and 24 years old inclusive:

```
age = int(____("How old are you?"))
if age _ 13:
    print("Sorry you can not register")
____ age >= 25:
    print("Sorry you can not register")
else:
    ____("You can now register")
```

2. Write a function that prints the smallest of 2 user provided numbers:

```
def min(a, b):
    if ____:
        print(a)
    else:
        print(_)
```

3. Describe what the following code does in plain English.

```
def foo(a, b):
    if a - b < 0:
        print(a)
    else:
        print(b)
```
